

Holy Trinity School

COVID-19

RESPONSE

Update #91

Principal's Message

January 7, 2021

Dear Holy Trinity School Families,

Happy New Year! Thank you for your continued support and cooperation in making the health and safety of our whole school community a priority. We understand this week of distance learning may not have been ideal. However, we believe that this ensured an uninterrupted continuation of learning for families while also providing post-holiday protection to the entire HT school community.

We are optimistic that this week gave many an opportunity to reflect on the value of in-person learning, and will continue to inspire and motivate everyone to do their part so that we may keep campus open for in-person instruction in a safe, healthy, and faith-filled learning environment.

We look forward to returning to campus for in-person learning on Monday, January 11. As you know, the health and safety of our entire school community is of paramount importance and priority. Therefore, we will continue the health screening process for all students and staff before being admitted onto campus for in-person learning. The [HT symptom screening form](#) may be completed and submitted online prior to arriving on campus to expedite the health screening process.

Thank you, again, for your continued support and cooperation through this unprecedented time. We are truly all in this together, and I have the utmost faith that God will see us through because God is good...all the time! And all the time...God is good! Take care and stay healthy.

Together in Mission,
Mrs. Marentez

JANUARY

Looking
Forward

We are looking forward to seeing everyone Monday morning! Daycare is available at 7am. Start the year right! Be on time! Gates open at 7:45am and the tardy bell rings at 8am.

We would like to give a warm HT welcome to Mr. Devon Steck, our new part-time junior high math teacher. He will be teaching 6th and 7th grade math, as well as co-teaching 8th grade math with Mr. J. He earned his Bachelor of Science degree in Computer Science from San Francisco State University and is currently working on obtaining his Multi-Subject Teaching Credential and Master of Arts Teaching Degree at Point Loma Nazarene University. He has experience working with students in grades 2-12 in the Chula Vista Elementary School District, as well as experience in providing academic tutoring at an advanced level as a Supplemental Instructor for Mathematics at Miramar Community College. He has a passion for teaching math, teaching, and sharing his faith with others as Catholic school educator, which makes him a great fit for our Holy Trinity School community.

Photographer Ed Rodden is offering DVDs of the Christmas Eve Mass featuring HT students participating in the choir and pageant. DVDs will be sold for \$5. Flyer coming soon.
